Data Protection

Tournament results that are published on the Archery GB website must comply with the Archery GB Data Protection Policy. If TOs are unsure of the Policy they should contact Archery GB.

Disabled Archers

Whilst the archer has a responsibility to provide the Tournament Organiser with all relevant information, the Entry Form should have space for an archer to state what needs they may have, and to inform the organiser whether they can move on and off the line and whether they intend to bring an agent.

Where reasonable, tournaments should accommodate the needs of disabled archers. For more information download the 'Handy Guide to Including Disabled Archers' from the Archery GB website.
