Brief Report - March 2023 – May 2024

## **History of Deaf Archery Group UK**

The Deaf Archery Group UK is a newly formed group started last year March 2023 between five deaf archers from the Archery clubs of Bowmen of Harrow and Laleham Archery club. (Middlesex County Archery Association) We are all archers and have hearing losses ranging from hard of hearing to profoundly deaf.

At present our main aim is to work with Archery GB in an advisory role - to draw up projects and plans to promote Deaf – Hard of Hearing archers needs and requirements to enable them to fully participate in the sport at all levels.

At the present we do not have any formal structure i.e. do not have any official committee members or a constitution or any financial funds.

We do have a term of reference and meet twice a year formally but have a continued dialogue throughout the rest of the year how on the planned projects are going.

To date: we have formally met three times  
Inaugural meeting: 12<sup>th</sup> March 2023  
10<sup>th</sup> June 2023

*I want to thank everyone that has been involved in setting up, supporting, attending meetings in partnership with Archery GB. Without everyone's input and great teamwork, every bit helps we would not be where we are now. We have achieved a lot and now moving on to stage where some of the on-going projects will be producing tangible results.*
